**Task 3: Annotated Sources and Works Cited (MLA)**

Begin gathering sources for your topic (5 minimum)
- Sources should be from books, journals, magazines, and reputable websites.
- Sources should be printed and/or saved to your drive.
- For each source, annotate for important details, define key words, and highlight at least two possible direct quotes that you can use in your research paper. Annotations can be done directly on a hardcopy if the sources are printed or annotative notes can be typed if the sources are too long to print.
- Sources should educate you on your topic and solution.

Create an MLA (8th edition) Style Works Cited for your sources

**Reminders for Works Cited**
- Works Cited is Plural if you have more than one source
- All entries begin at the margin and then continue with a hanging indent
- All entries are alphabetized
- All lines are equally spaced

**Works Cited with Matching Parenthetical Citations**
